

SOCIETY FOR LIGHT TREATMENT AND BIOLOGICAL RHYTHMS
2004 Call for Abstracts

The sixteenth annual meeting of the Society for Light Treatment and Biological Rhythms and the first joint meeting of the SLTBR and AAMCC will be held in **Toronto, Ontario, Canada** from May 28 – 30. As in past years, the meeting will begin with a poster session and reception on Friday evening and will end with the CME course Sunday afternoon.

The deadline for receipt of abstracts is April 15. By May 1, we will try to notify all those who submit abstracts.

Presentation Formats. Below are the traditional meeting formats. However, we do not want to discourage creativity, and if you have an idea that does not fit one of these formats, please contact Dr Robert Levitan (mailto:Robert_Levitan@camh.net) to discuss it. Submitting an abstract is considered a commitment that the author will attend the meeting and present the work; this includes posters.

Papers for presentation as posters and talks are submitted individually. Submissions accepted for oral presentation will be organized by the Program Committee into sessions that generally include 3-4 papers and discussion. Submissions accepted as posters will be displayed beginning Friday evening and through Saturday morning. As usual, there will be a poster discussion Friday evening.

Abstract Submission

Submissions should be emailed to sltbrinfo@aol.com. If emailing is impossible, transmit to Kathleen Matikonis by fax at 415-751-2758 or by mail at P.O. Box 591687, San Francisco, CA 94159-1687 U.S.A.

Please follow exactly the [Format Guidelines](#). Left justify. Use single spacing between lines. Each line (indicated by #) should be included, even if it is not applicable to your submission and therefore has no information.
